***Allowable Subject Matter***

Claims 1-1-17 allowed.

The following is an examiner's statement of reasons for allowance: The prior art fails to teach or suggest a controlled release composition for the active agent levosimendan wherein the drug is release over an extended period of time. The prior art teaches controlled release composition for the drugs that are used to treat the same conditions levosimendan treats but the drugs are different in solubility properties. Therefore, the prior art cited cannot be used to show equivalency between the drugs compositions.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
